BIG LEAF FOUNDATION

SAFEGUARDING POLICY

Last Updated 25 Sept 2023

SUMMARY STATEMENT

The following document outlines the policy of **Big Leaf Foundation** in regards to the safeguarding and protection of young people. The policy and the associated procedures offer guidance for trustees and volunteers working with young people across all the events and activities provided by Big Leaf Foundation.

This policy is in line with government guidance that sets out the responsibilities of organisations to work together and safeguard and protect children, including *Working Together to Safeguard Children (2015)* and *The Children's Act (2004)*.

Big Leaf Foundation acknowledges the duty of care to safeguard and promote the welfare of Unaccompanied Asylum-Seeking Children and young refugees and is committed to ensuring safeguarding practice reflects statutory responsibilities, government guidance and complies with best practice and Charity Commission requirements.

This policy applies to all adults including the Board of Trustees, volunteers, paid staff, agency staff and anyone working on behalf of Big Leaf Foundation and:

- recognises that the welfare and interests of Unaccompanied Asylum-Seeking Children (hereafter UASC) and young refugees are paramount in all circumstances;
- aims to ensure that all UASC and young people have a positive and enjoyable experience of Big Leaf Foundation's work, in a safe and young person-centred environment and are protected from abuse whilst participating in Big Leaf Foundation events, activities and otherwise.

Big Leaf Foundation recognises that:

- the welfare of UASC and young refugees is paramount and that they have equal rights of protection;
- all people, regardless of age, gender, racial heritage, religious belief, disability, sexual orientation or identity have the right to equal protection from all forms of abuse or harm;
- UASC and young refugees can be particularly vulnerable to abuse, radicalisation and difficulties in both physical and mental wellbeing, and accepts the responsibility to take reasonable and appropriate steps to ensure their welfare.

The purpose of this policy:

- to provide protection for UASC, young refugees, trustees, volunteers, community organisations and external activity providers organised by the Big Leaf Foundation;
- to provide trustees and volunteers with guidance on procedures they should adopt in the case that they might suspect a UASC or young refugee may be experiencing harm, or be at risk thereof.

DEFINITION

Safeguarding is about embedding practices throughout the organisation to ensure the protection of children and / or vulnerable adults wherever possible. In contrast, child and adult protection is about responding to circumstances that arise.

Abuse is a selfish act of oppression and injustice, exploitation and manipulation of power by those in a position of authority. This can be caused by those inflicting harm or those who fail to act to prevent harm. Abuse is not restricted to any socio-economic group, gender or culture.

It can take a number of forms, including the following:

- physical abuse
- sexual abuse
- psychological or emotional abuse
- neglect or omission to act
- financial or material abuse
- criminal exploitation (e.g. County Lines)
- child sexual exploitation
- modern slavery
- self neglect
- domestic abuse
- institutional abuse
- discriminatory abuse
- harassment
- radicalisation.

Definition of a child

A child is under the age of 18 (as defined in the United Nations Convention on the Rights of a Child).

Definition of a vulnerable adult

A vulnerable adult is a person aged 18 years or over who may be unable to take care of themselves or protect themselves from harm or from being exploited.

An adult at risk is any person who is aged 18 years or over and at risk of abuse or neglect because of their needs for care and or support. Where someone is over 18 but still receiving children’s services and a safeguarding issue is raised, the matter should

be dealt with as a matter of course by the adult safeguarding team. (<https://www.england.nhs.uk/wp-content/uploads/2017/02/adult-pocket-guide.pdf>, p2)

All staff members (paid or unpaid) have the responsibility to follow the guidance laid out in this policy and related policies, and to pass on any welfare concerns using the required procedures.

We expect all staff (paid or unpaid) to promote good practice by being an excellent role model, contribute to discussions about safeguarding and to positively involve people in developing safe practices.

IMPLEMENTATION

The scope of this Safeguarding Policy is broad ranging and in practice, it will be implemented via a range of policies and procedures within the organisation. These include:

Safe recruitment

Big Leaf Foundation ensures safe recruitment through the following processes:

- providing the following safeguarding statement in recruitment adverts or application details: 'Recruitment is done in line with safe recruitment practices';
- job or role descriptions for all roles involving contact with children and / or vulnerable adults will contain reference to safeguarding responsibilities;
- there are person specifications for roles which contain a statement on core competency with regard to child/ vulnerable adult protection/ safeguarding;

- shortlisting is based on formal application processes/forms and not on provision of CVs;
- interviews are conducted according to equal opportunity principles and interview questions are based on the relevant job description and person specification;
- at least two references will be required for every applicant.

Disclosure and Barring Service (DBS) Gap Management

The organisation commits resources to providing DBS records checks on staff (paid or unpaid) whose roles involve contact with children and /or vulnerable adults.

In order to avoid DBS gaps, the organisation will:

- ensure DBS checks are conducted for specific roles for all staff (paid or unpaid) working with children and vulnerable adults;
- ensure all trustees fully understand that it is a criminal offence for individuals barred by the Independent Safeguarding Authority to work or apply to work with children or vulnerable adults in a wide range of posts;
- only make formal job offers after checks for suitability are completed (including DBS and 2 references);
- maintain and review a list of roles across the organisation which involve contact with children/ vulnerable adults;
- these volunteers all have an enhanced DBS check and a minimum of two references are sought;
- volunteers will also be vetted personally by the programme managers and/or the trustees.

In addition to checks on recruitment for roles involving contact with children/ vulnerable adults, for established staff the following processes are in place:

- 2 year rolling programme of re-checking DBS is in place for holders of all identified posts;
- existing staff (paid or unpaid) who transfer from a role which does not require a DBS check to one which involves contact with children / vulnerable adults will be subject to a DBS check.

Safeguarding is embedded within **Big Leaf Foundation** and therefore this policy should be read alongside our policies and procedures on:

- [Equal Opportunities](#)
- [Safe Recruitment](#)
- Induction and training (internal document)
- [Behaviour code of conduct for staff and volunteers](#)

COMMUNICATION, TRAINING & SUPPORT FOR STAFF

Big Leaf Foundation commits resources for induction, training of staff (paid and unpaid), effective communications and support mechanisms in relation to Safeguarding.

Induction will include

- discussion of the Safeguarding Policy (and confirmation of understanding)
- discussion of other relevant policies
- ensuring familiarity with reporting processes, the roles of line manager and Designated Safeguarding Lead (and who acts in their absence).

Training

All staff who, through their role, are in contact with children and /or vulnerable adults will have access to safeguarding training at an appropriate level provided by [Safe CIC](#). Sources and types of training will include:

- safe working practices
- safe recruitment
- understanding child protection and the alerter guide for adult safeguarding.

Communications and discussion of safeguarding issues

Commitment to the following communication methods will ensure effective communication of safeguarding issues and practice:

- team meetings
- trustee meetings
- one to one meetings (formal or informal)
- participation in multi-agency safeguarding procedures and meetings in order to be involved in child/ adult protection procedures
- participation in joint client visits
- provision of a clear and effective reporting procedure which encourages reporting of concerns
- encouraging open discussion (e.g. during supervision and team meetings) to identify any barriers to reporting so that they can be addressed
- inclusion of safeguarding as a discussion prompt during supervision meetings/ appraisals to encourage reflection.

Support

We recognise that involvement in situations where there is risk or actual harm can be stressful for staff concerned.

The mechanisms in place to support staff include:

- debriefing support for paid and unpaid staff so that they can reflect on the issues they have dealt with;
- seeking further support as appropriate e.g. access to counselling supervision;
- staff who have initiated protection concerns will be contacted by the line manager /DSL within a certain time-scale e.g. 1 week).

PROFESSIONAL BOUNDARIES

Professional boundaries are what define the limits of a relationship between a support worker and a client. They are a set of standards we agree to uphold that allows this necessary and often close relationship to exist while ensuring the correct detachment is kept in place.

Big Leaf Foundation expects staff to protect the professional integrity of themselves and the organisation. Employees and volunteers should undertake to observe or note any behaviour or use of language that might lead young people in our care to feel in any way marginalised.

The following professional boundaries must be adhered to:

Giving and receiving gifts from clients:

- **Big Leaf Foundation** does not allow paid or unpaid staff to give gifts to or receive gifts from clients. However, gifts may be provided by the organisation as part of a planned activity.

Staff contact with user groups:

- Personal relationships between a member of staff (paid or unpaid) and a client who is a current service user is prohibited. This includes relationships through social networking sites such as Facebook and Instagram.
- **Big Leaf Foundation** does however recognise that for staff / volunteers with dual roles (i.e. as foster carers in their own right) there may be some social contact as part of their other role with young people who are also beneficiaries of **Big Leaf Foundation**. Staff in this situation will be mindful of respecting professional boundaries and any concerns or challenges will be raised with their line manager.
- Young people who become **Big Leaf Foundation** volunteers will retain contacts with their peers who may also be BLF beneficiaries. They will be supported to negotiate appropriate boundaries in this situation.

If the professional boundaries and/or policies are breached, this could result in [disciplinary procedures](#) or enactment of the allegation management procedures.

FGM concerns

Big Leaf Foundation understands that a mandatory duty requires all staff / volunteers to report any 'known' (disclosed) cases of FGM, identified in professional interaction, immediately to the police. This duty applies to the individual who becomes aware of the case to make a report, and it should not be transferred to the DSL, although the DSL should be informed.
